Company: London Real

Department: Technology

Salary: Negotiable depending on experience

Location: Shoreditch – Hybrid - onsite/remote

Reporting to: Senior Leadership Team

Working Hours: 09:00 - 18:30 (Mon to Fri)

About London Real

Founded in 2011, we are an independent global media company with an online platform with over 500 million views on YouTube and over 3,000,000 subscribers viewing our content across all channels weekly. We have recorded over 1000 interviews with some of the most influential and inspirational people in technology, science, sports, entertainment, politics, and wellness.

At London Real, our mission is to transform humanity into a fully empowered, conscious, and cooperative species. We are a lean, agile and very ambitious organisation focused on continuous improvement in our products, content, and our processes.

Main Purpose of Role

Reporting to the Senior Leadership Team, the Senior Developer will be responsible for supporting London Real's website development and technology solutions, development standards, processes, and policies. The successful candidate will have 5 years of experience and have a proven track record in web development and solutions. This position offers an exciting opportunity for the right person to work in a fast-paced environment at one of the world's fastest-growing long-form interview providers.
